**TO ALL REGISTERED CREDITORS**

Dear Sir / Madam

**FINALMENTE GLOBAL (PTY) LTD: IN LIQUIDATION**  
**MASTER'S REFERENCE NUMBER: T67/2021**

We refer to the above-mentioned matter, as well as previous updates provided herein.

Since our previous update, the liquidators and their legal representatives had been diligently and conscientiously attended to the administration of the insolvent estate.

The liquidators commenced with the collection of Bitcoin, that dissipated by virtue of impeachable transactions out of the insolvent estate and received numerous settlement offers to the benefit of the general body of creditors.

Further, the liquidators commenced with the international recovery of Bitcoin, and are currently in conversation with various role-players in and around the United States of America, the United Kingdom, Canada and various other countries to assist in the process.

We intend to make substantial progress in this area in the upcoming year in order to collect as much funds as possible for the estate and we are also proceeding with the local recoveries and enquiries.

We trust you find the above in order and we shall keep you informed of further developments.

Yours faithfully
